

Memory Crafting Australia

Wednesday Night Live 4th August 2021

Brought to you by Julie Thomas, Creative Memories Independent Advisor

www.memorycrafting.com.au

The layout for tonight's presentation was originally posted on the Creative Memories blog by blog contributor Mellissa Ullmann on 15th April 2021. You can see the original blog post [here](#).

SUPPLIES NEEDED:

- Homestead Paper Pack
- Homestead Stickers
- Rich Brown Solid Cardstock
- 12-inch Trimmer
- Tape Runner
- Repositionable Tape Runner
- Foam Squares
- Brown Dual-Tip Pen
- CM Zero Centering Ruler
- Pencil

INSTRUCTIONS:

Step 1: Cut a piece of plaid paper to measure 11-1/2" x 11-1/2". Adhere to the cardstock base.

Step 2: At the top of the plaid paper, use a ruler and make a pencil mark at 5-3/4". Do the same on the bottom. Draw a light line from the pencil mark at the top of the plaid page to the pencil mark on the bottom of the plaid page.

Step 3: Cut two pieces of paper to measure 11" x 1". Cut the ends of each piece using the 45-degree line on the 12-inch Trimmer, with the top corner of the paper point along the cutting track. Adhere these pieces so they meet up in the middle of the plaid paper, using the pencil line as a guide.

Step 4: Cut two pieces of paper to measure 9" x 1". Cut the ends of each piece like previous pieces. Adhere along the previous pieces.

Step 5: Cut two pieces of paper to measure 7" x 1". Cut the ends of each piece like the previous pieces. Adhere along the previous pieces.

Step 6: Cut two pieces of paper to measure 5" x 1". Cut the ends of each piece like the previous pieces. Adhere along the previous pieces.

Step 7: Cut two pieces of paper to measure 3" x 1". Cut the ends of each piece like the previous pieces. Adhere along the previous

pieces.

Step 8: Using two triangles that were cut from the ends of the paper strips, adhere to the edges of the previous strips to complete the square/diamond shape as shown.

Step 9: Cut two 5" x 5" squares from the dark green leaves paper. Cut from corner to corner, creating two triangles from each square. Adhere in the corners of the plaid paper.

Step 9: Using a sheet of rich brown cardstock, cut a frame 1" wide. Adhere the plaid paper to the centre of the rich brown frame.

Step 11: Cut two photo mats from the rich brown cardstock cut from the centre of the frame to measure 5-1/4" x 4". Adhere to the layout. Cut one photo to measure 3-3/4" x 5" and one photo to measure 5" x 3-3/4". Adhere to the mats.

Step 12: Cut two strips at varying lengths for journal boxes. Adhere to the layout and journal as desired.

Step 13: Adhere stickers, using Foam Squares on some for added dimension.
